Frame 0 | t=10.000

Outline
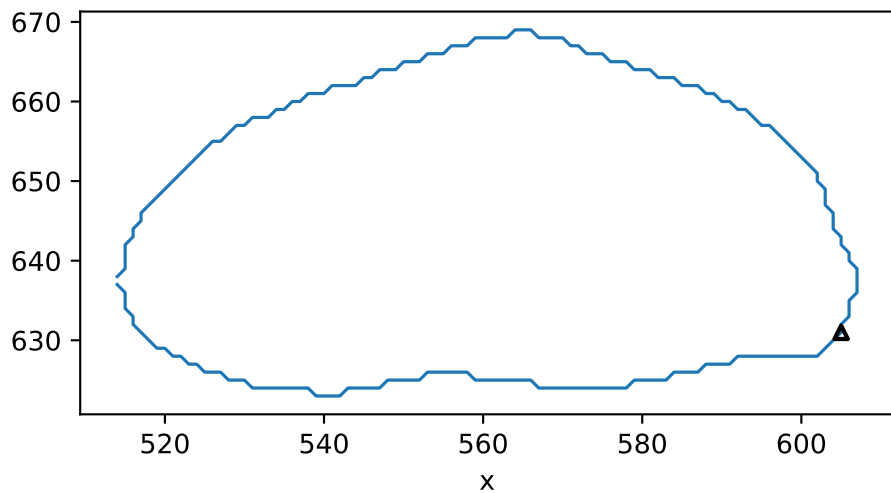

Topographical polar representation

Topographical θ–height
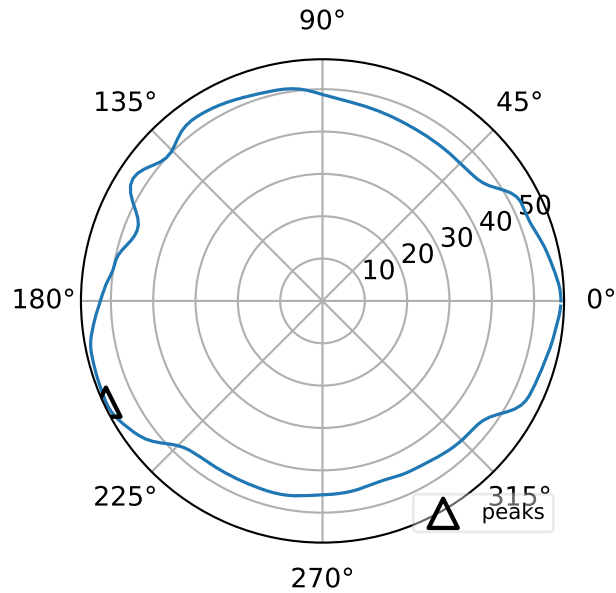

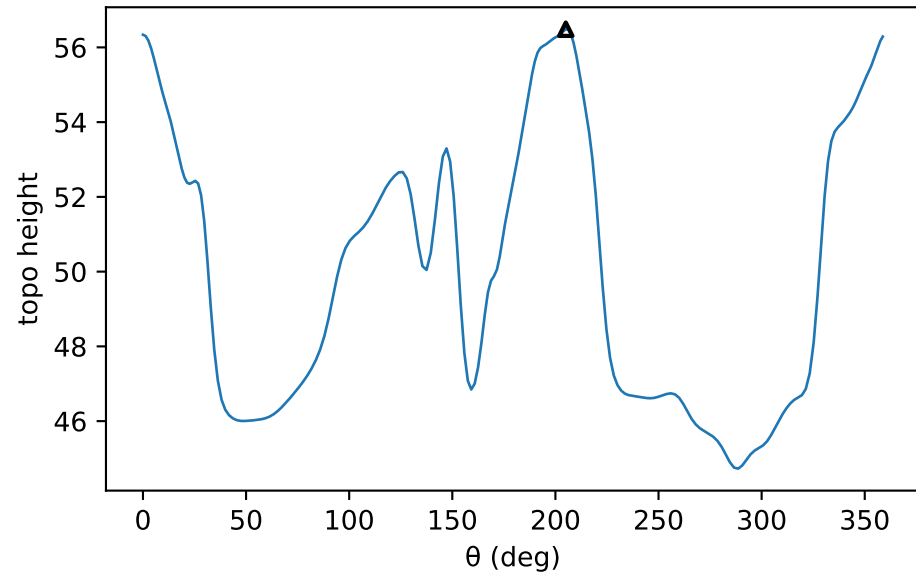

Frame 1 | t=11.000
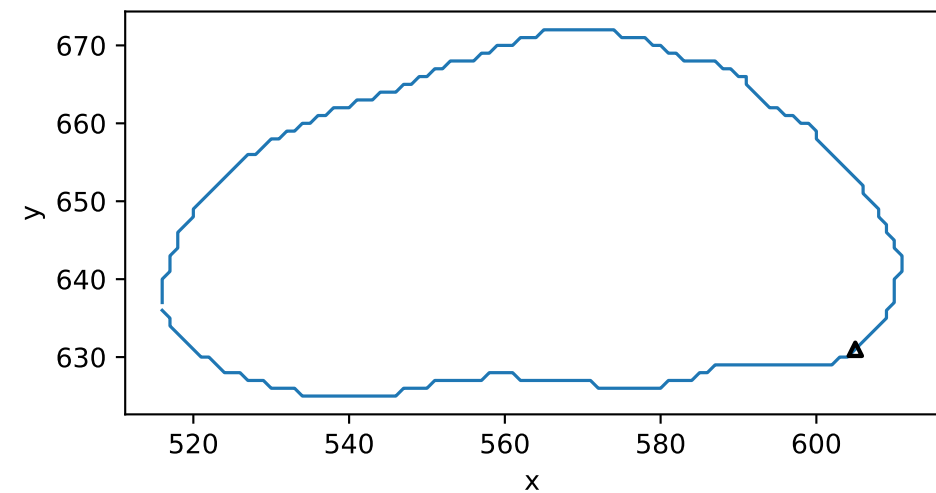

Outline
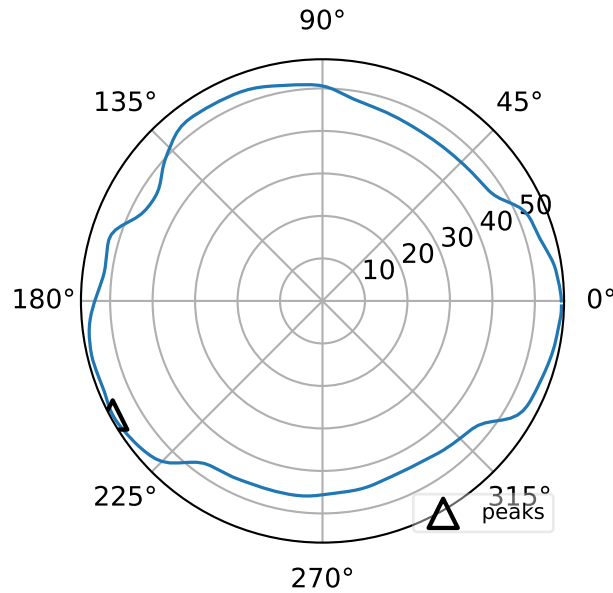

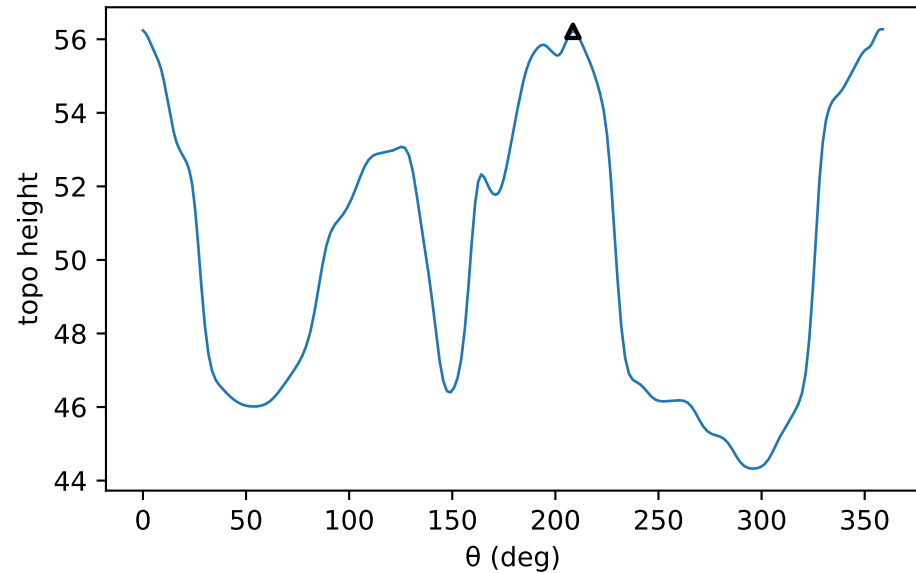

Topographical polar representation
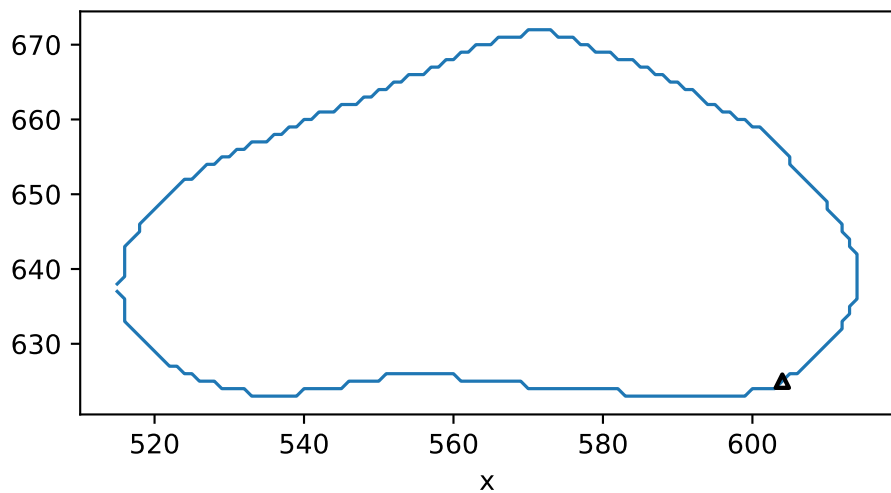

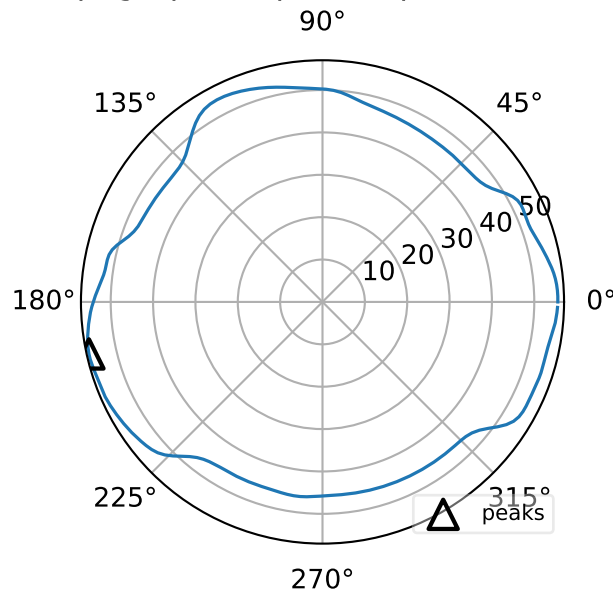

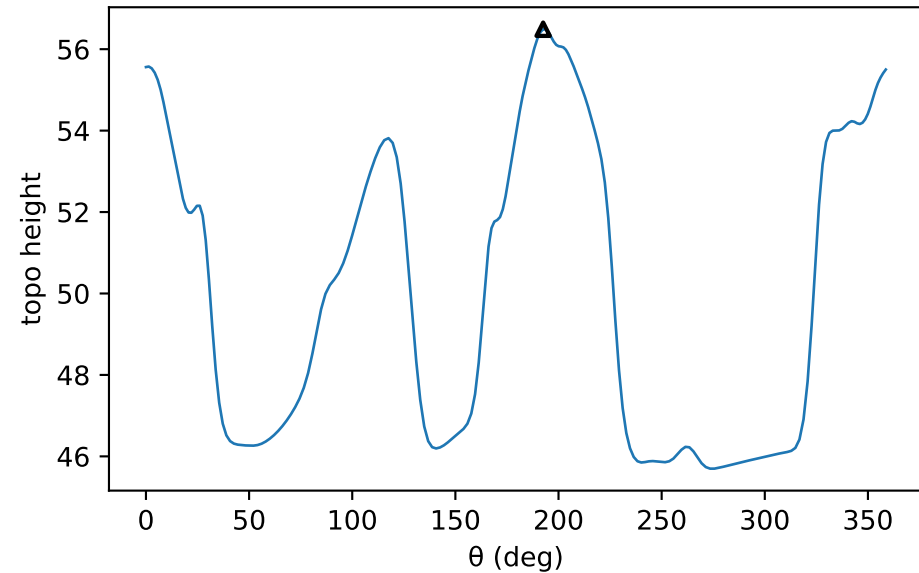

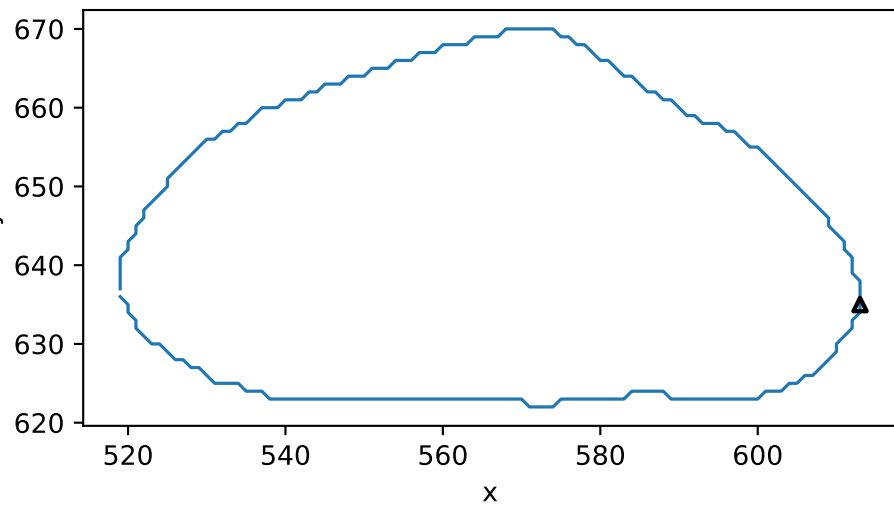

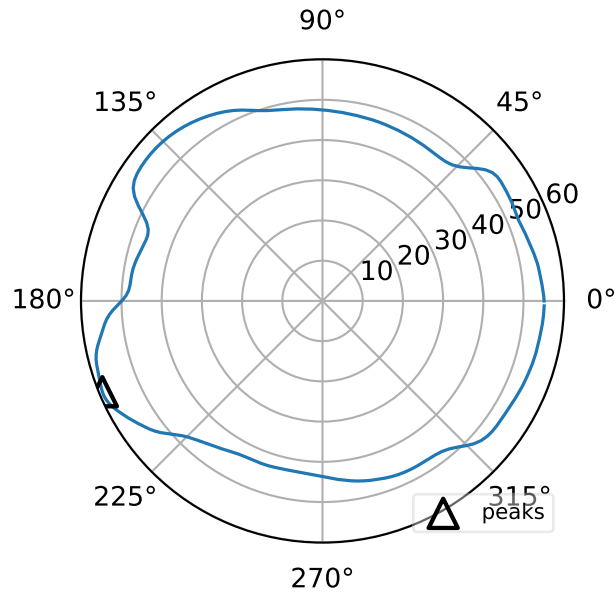

Topographical θ–height

Frame 2 | t=12.000

Frame 3 | t=13.000

Frame 4 | t=14.000

Frame 5 | t=16.000

Frame 6 | t=17.000

Outline

Topographical polar representation

Topographical θ–height

Frame 7 | t=18.000

Outline

Topographical polar representation
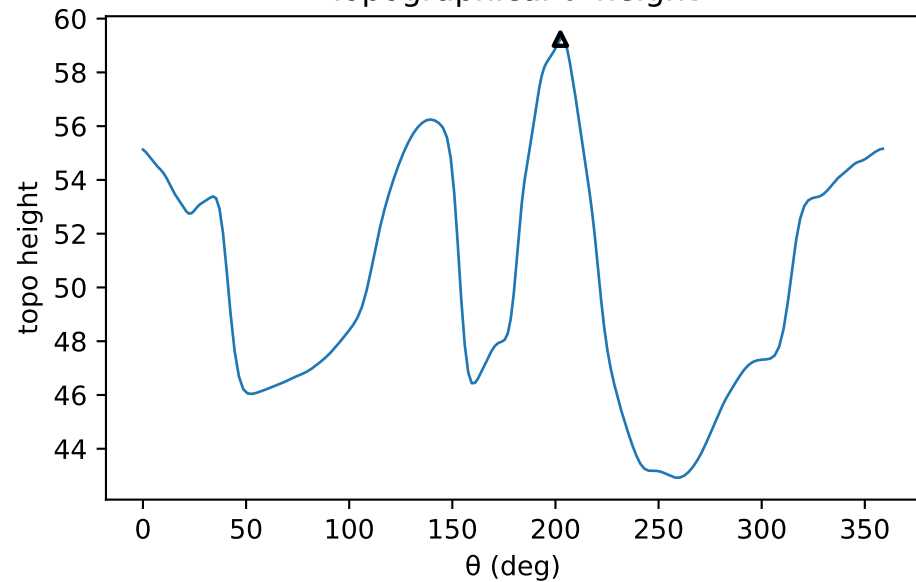

Topographical θ–height

Frame 8 | t=23.000

Frame 9 | t=24.000

Outline
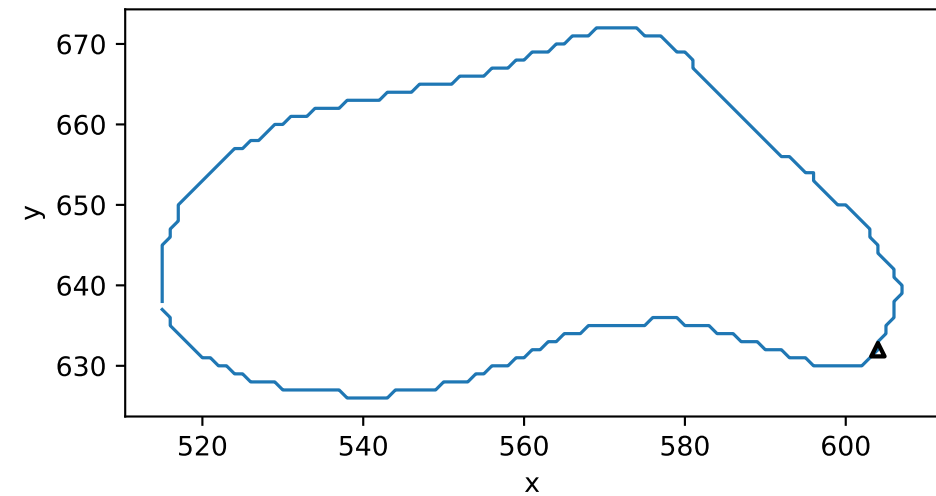

Topographical polar representation

Topographical θ–height

Frame 10 | t=25.000

Outline

Topographical polar representation

Topographical θ–height
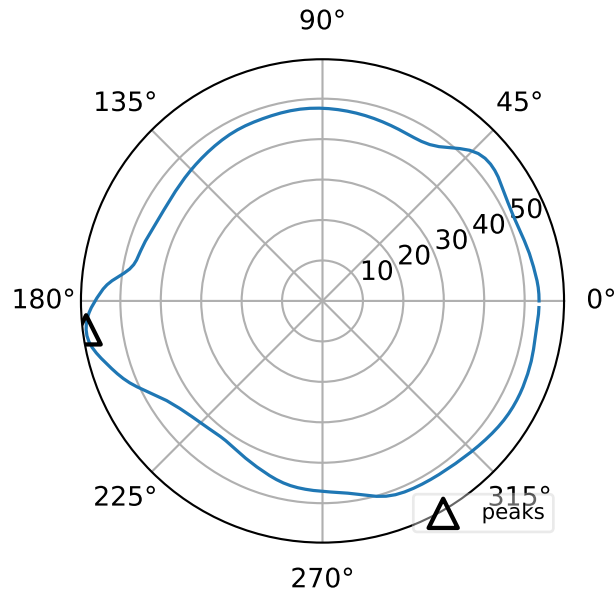

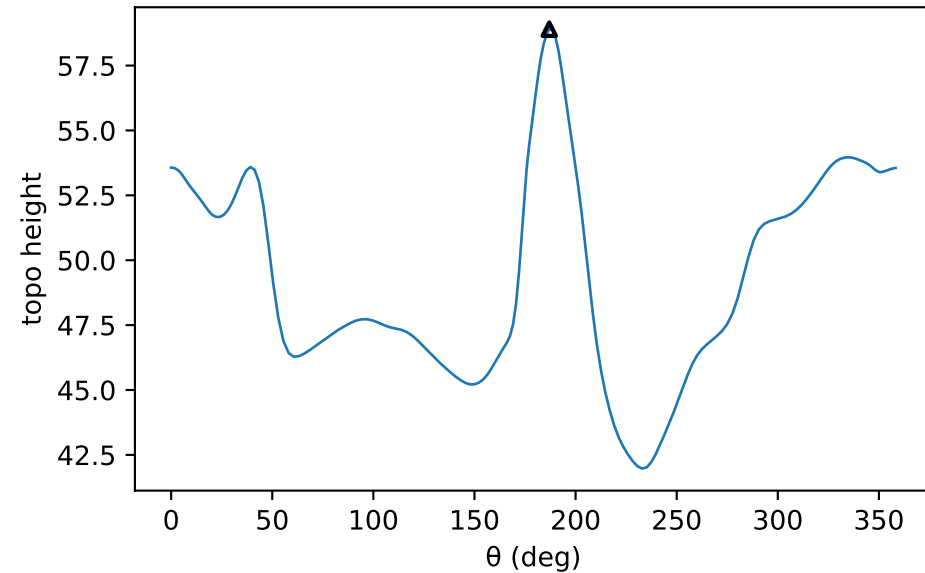

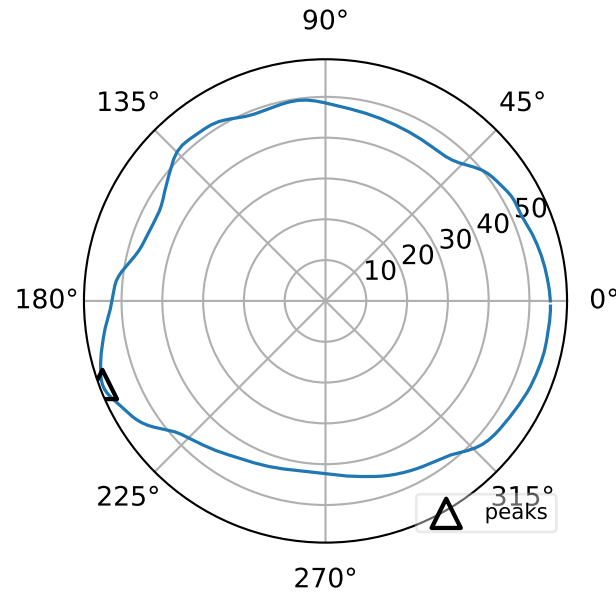

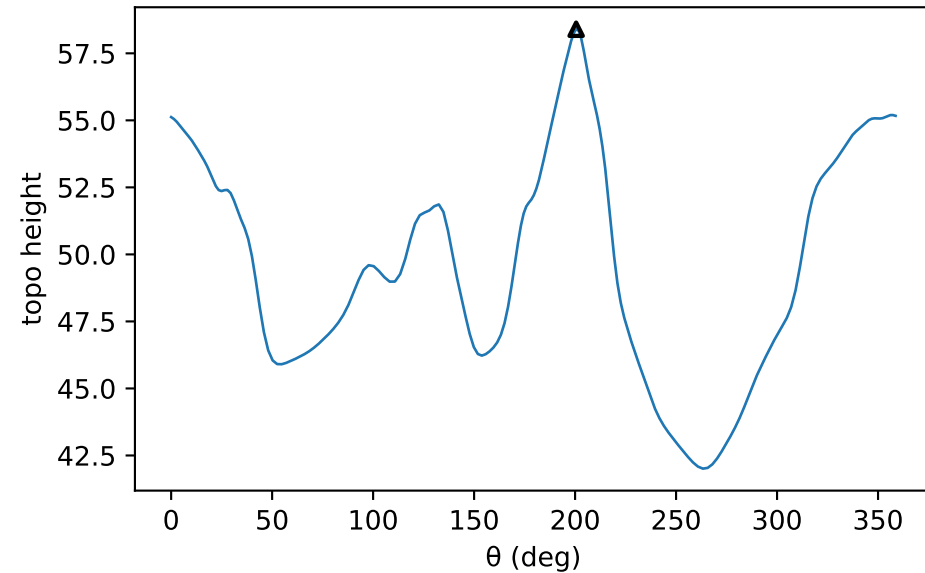

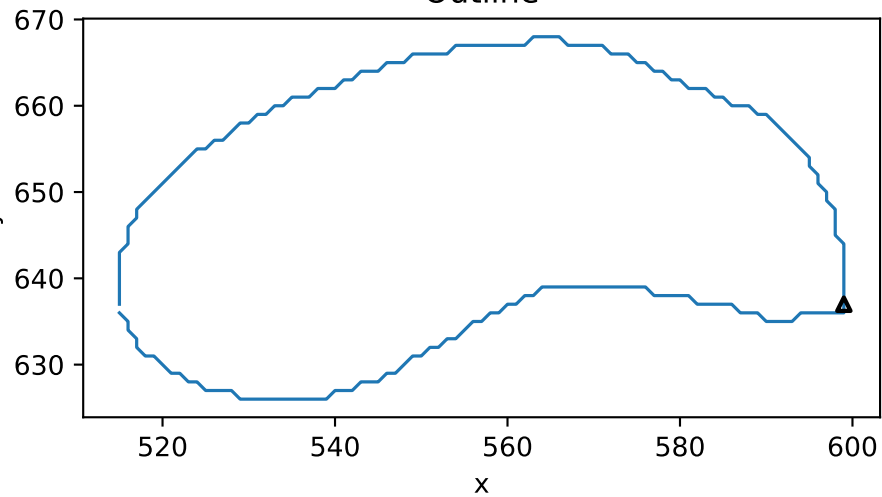

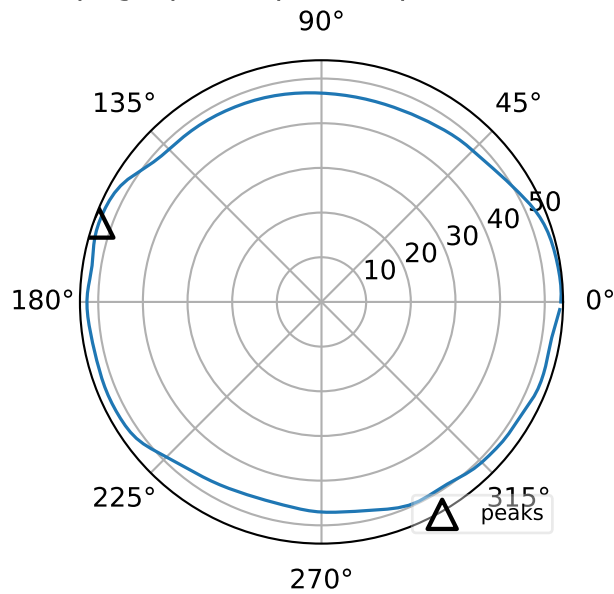

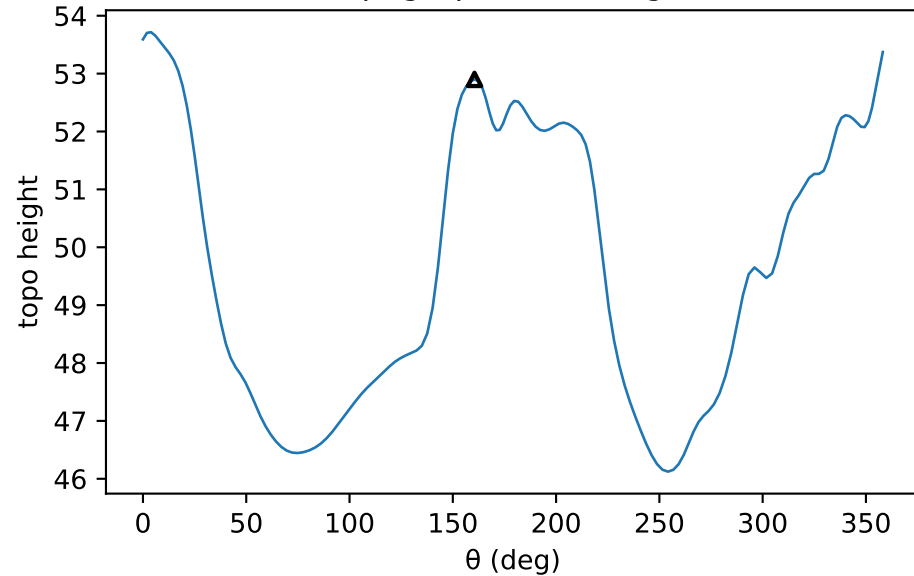

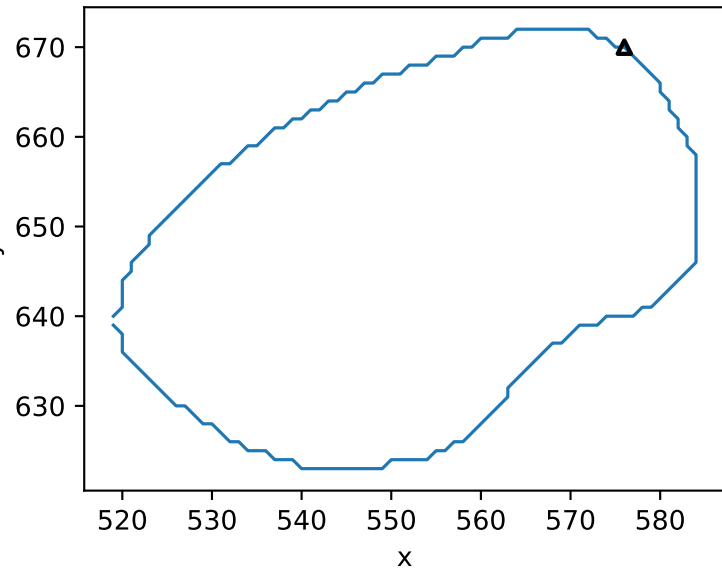

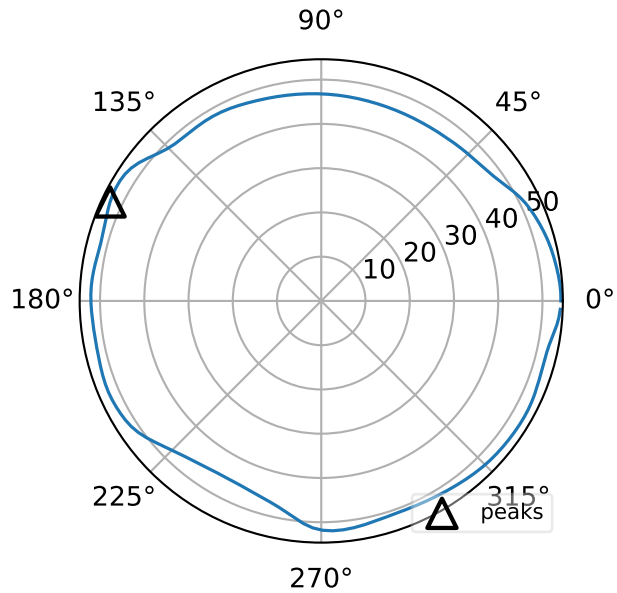

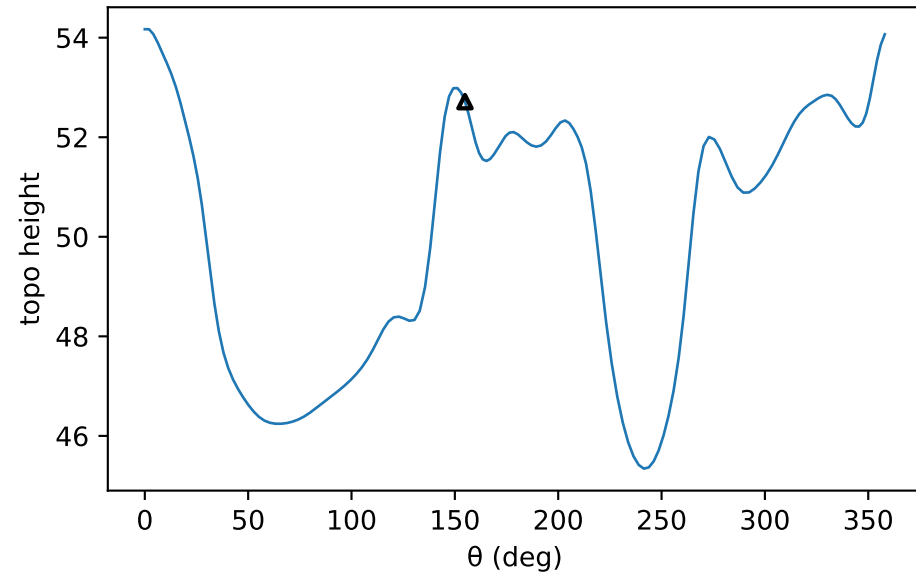

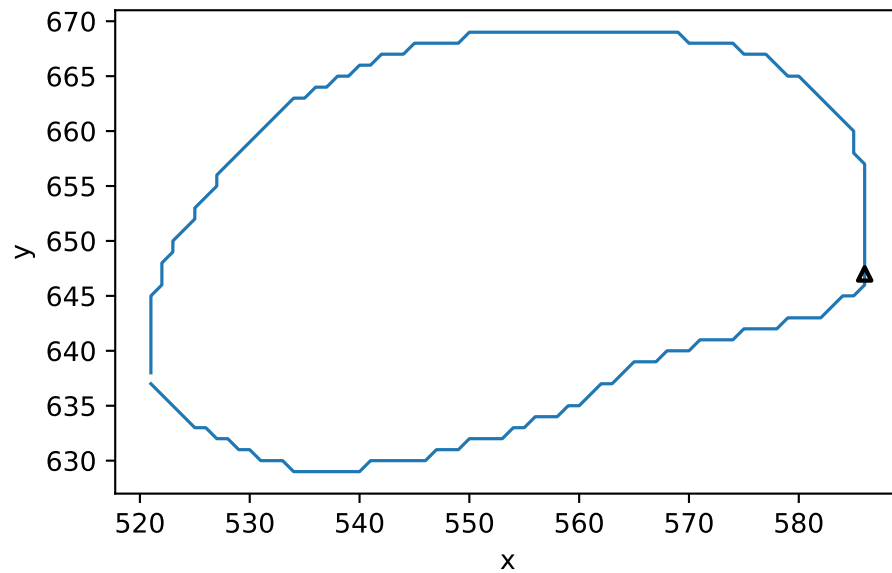

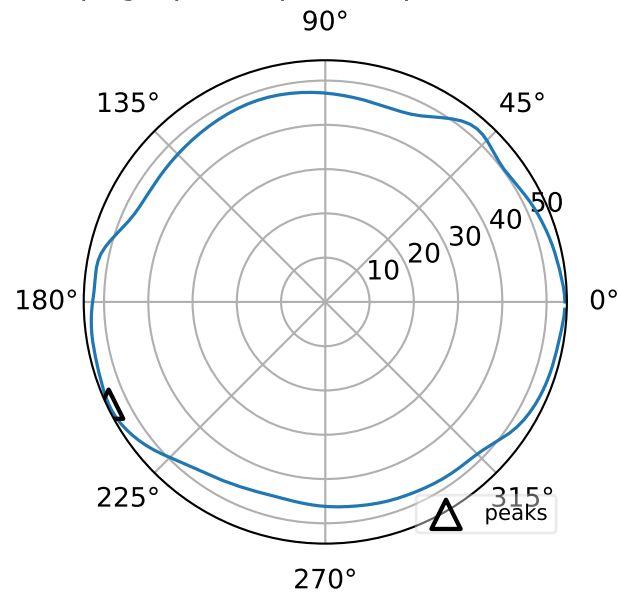

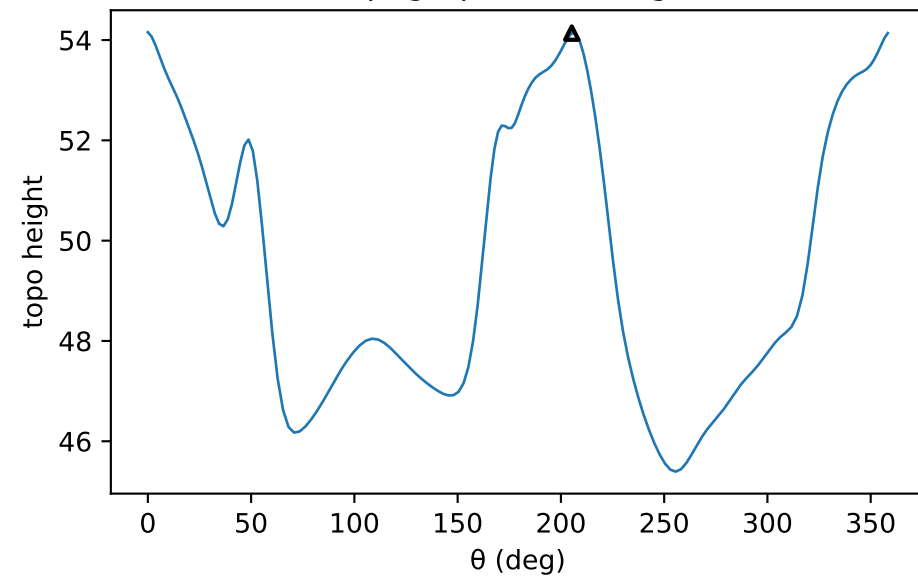

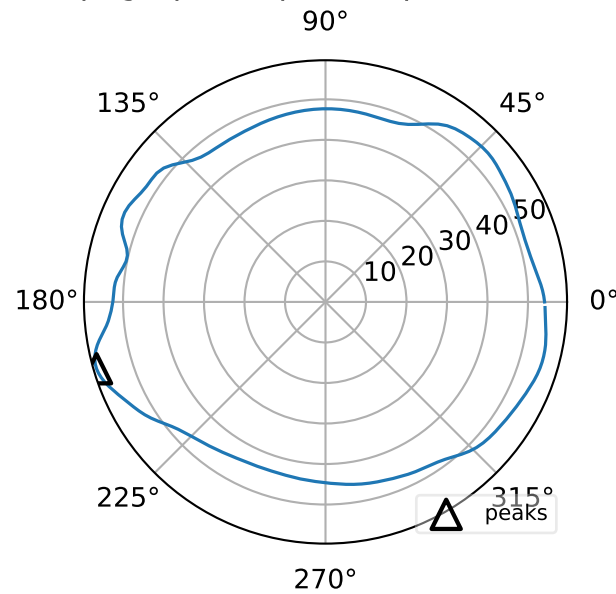

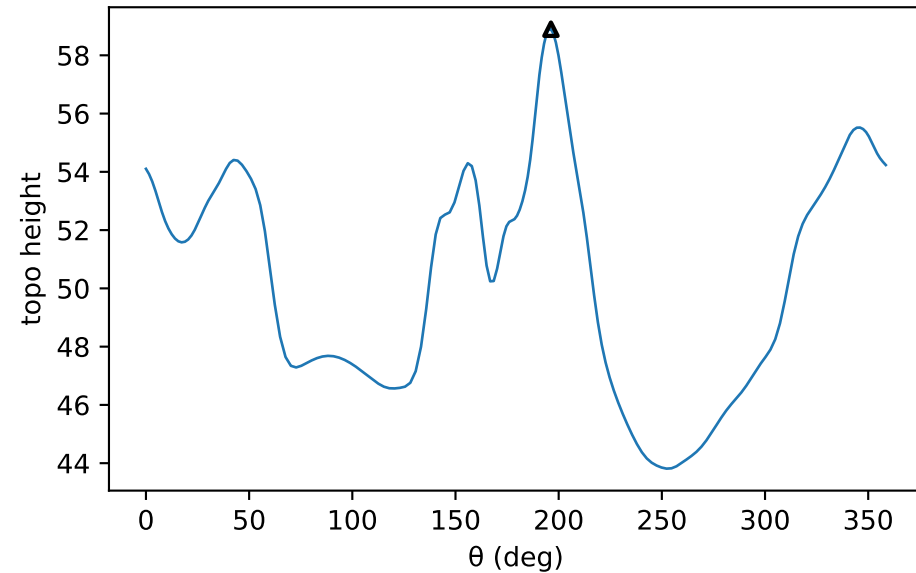

Frame 11 | t=26.000

Frame 12 | t=27.000

Frame 13 | t=28.000

Frame 14 | t=29.000

Outline

Topographical polar representation

## Topographical θ–height

Frame 15 | t=30.000

Frame 16 | t=31.000

Outline

Topographical polar representation

Topographical θ–height

Frame 17 | t=32.000

Outline

Topographical polar representation

Topographical θ–height

Frame 18 | t=33.000
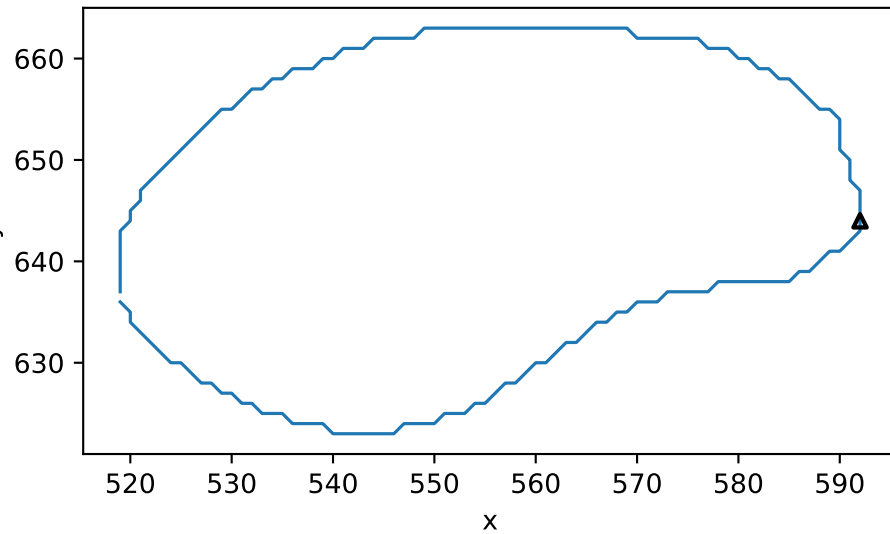

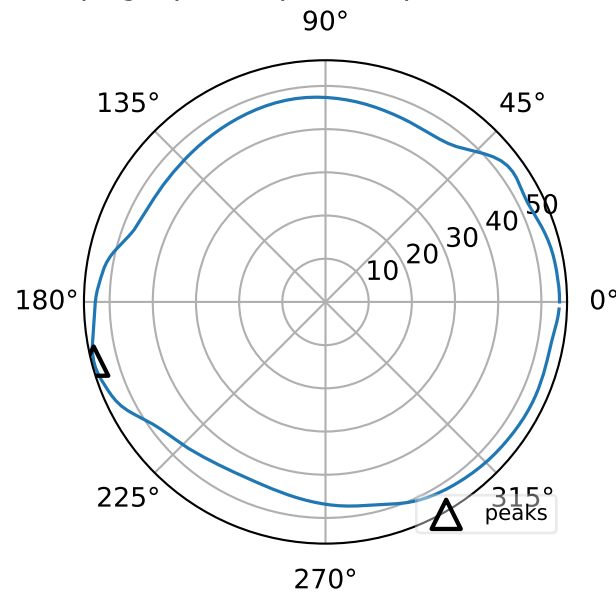

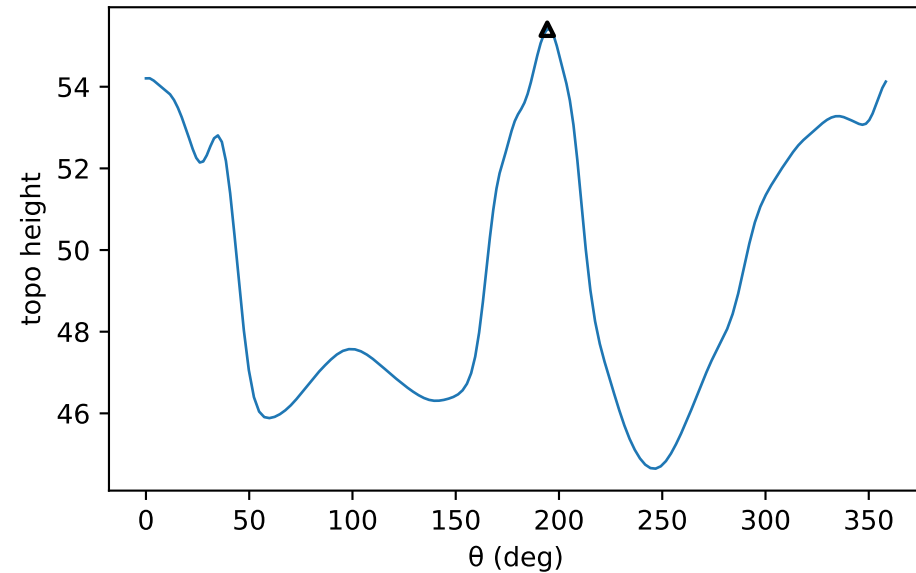

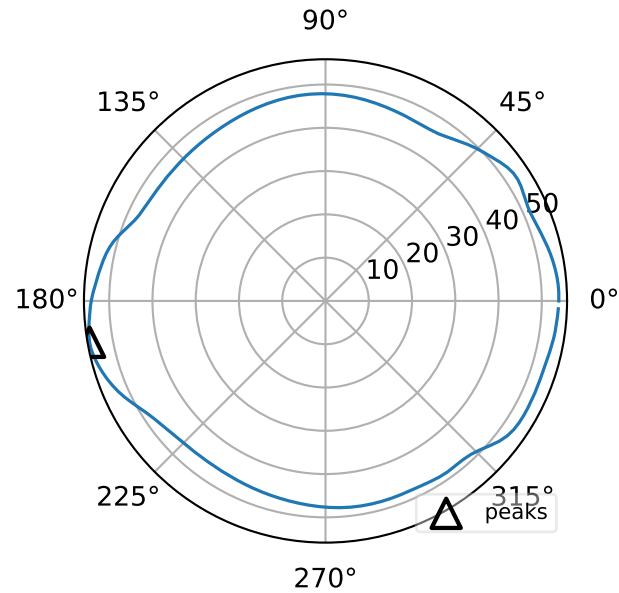

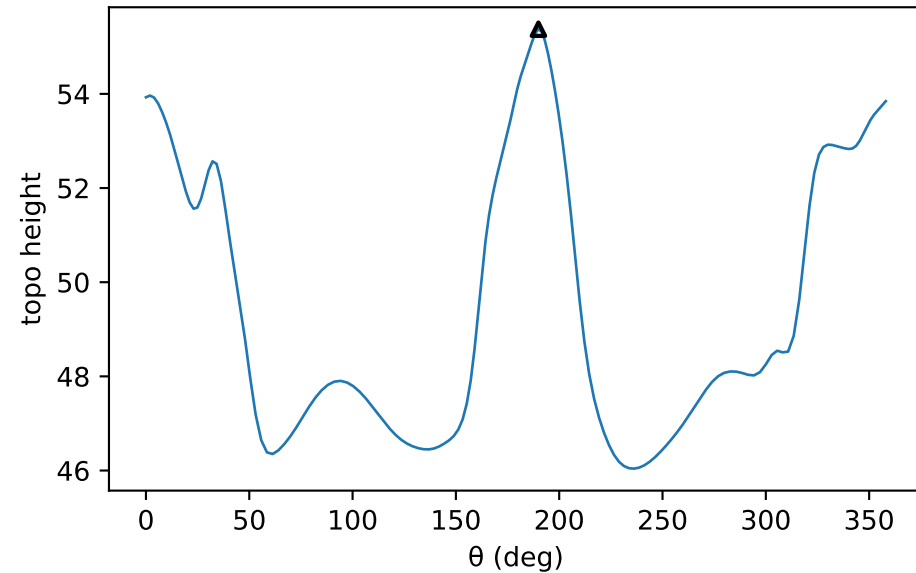

Outline

Topographical polar representation
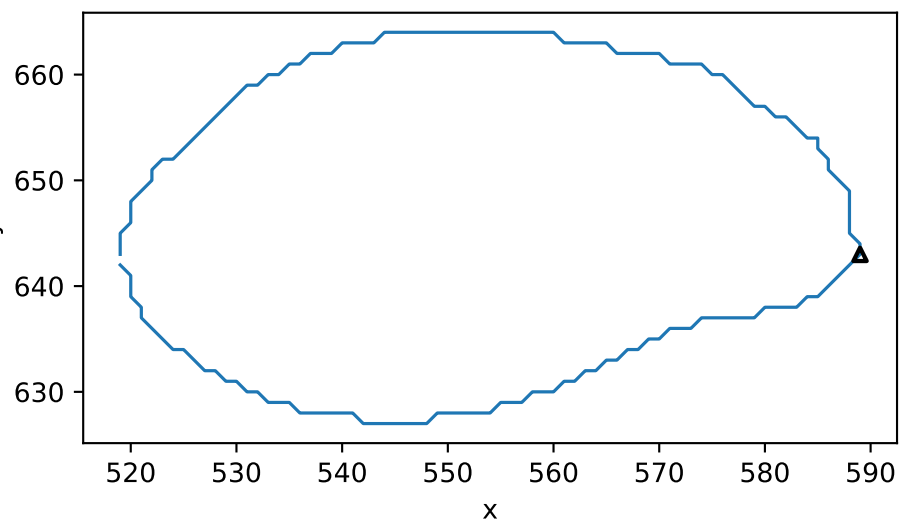

Topographical θ–height

Frame 19 | t=34.000

Outline
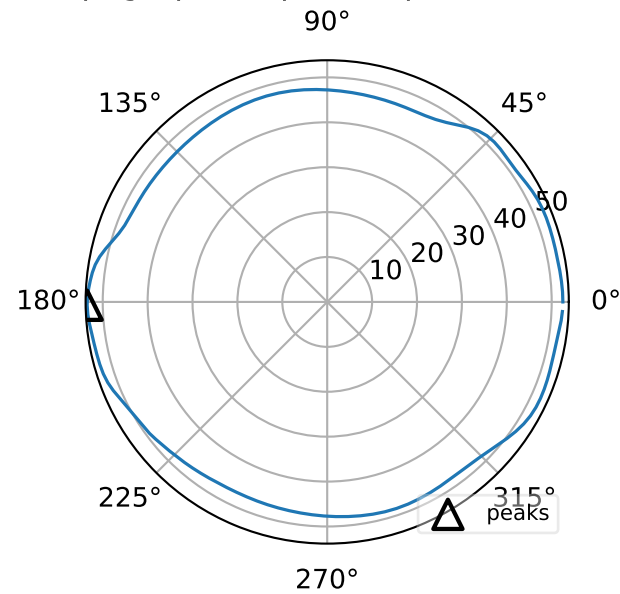

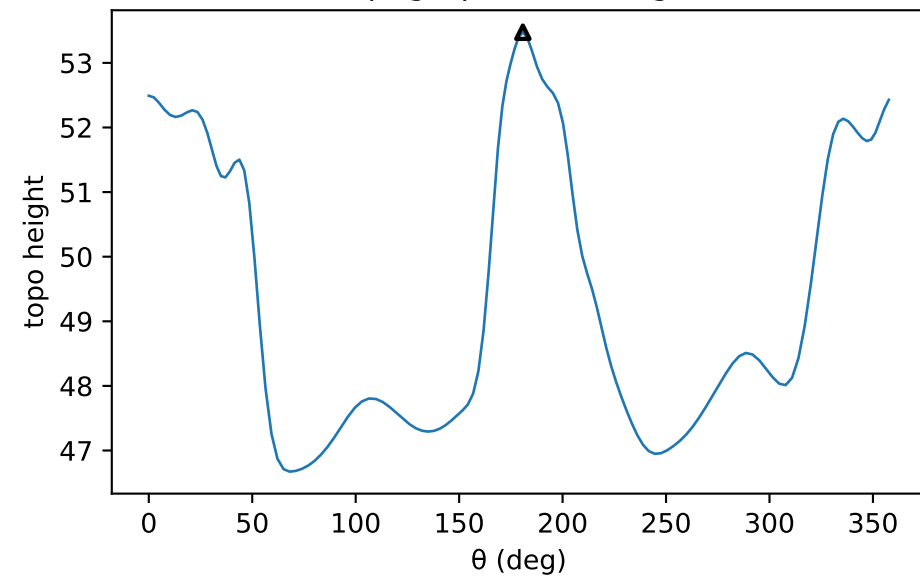

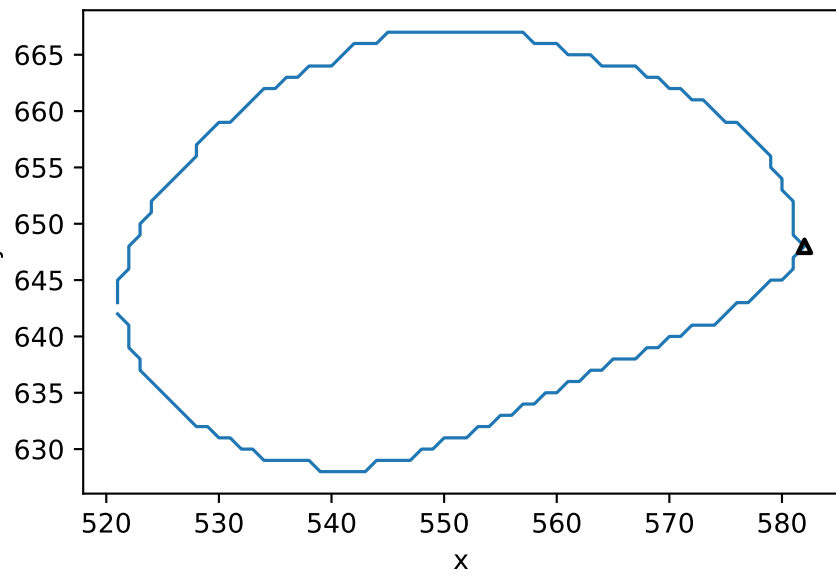

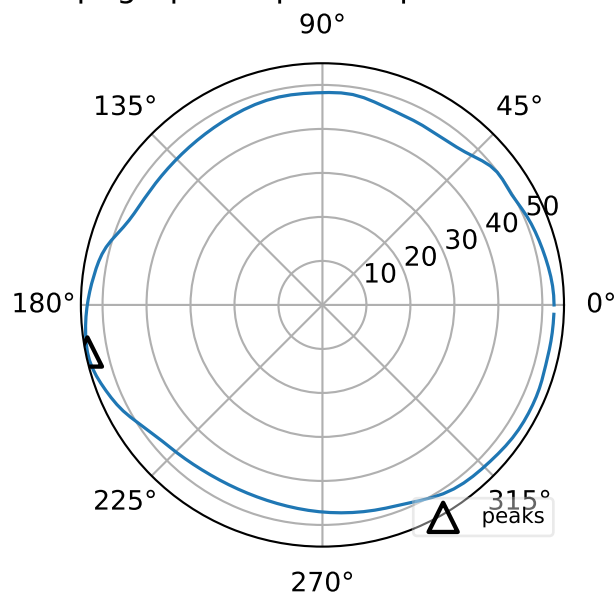

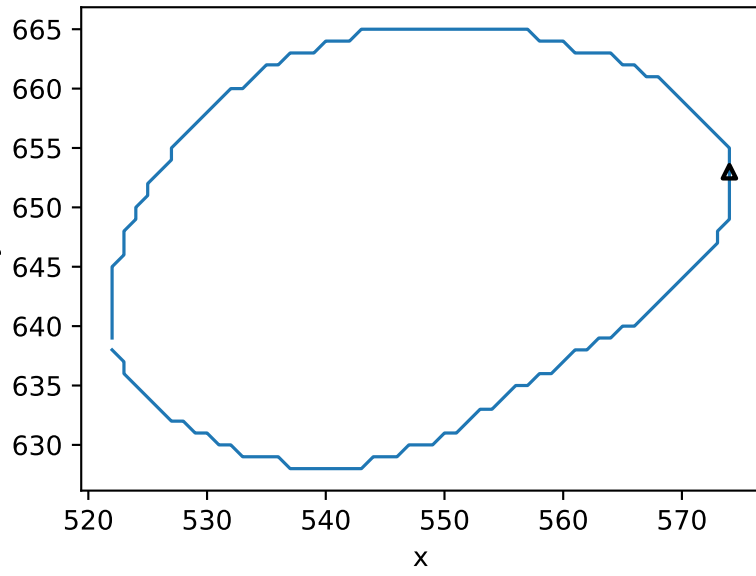

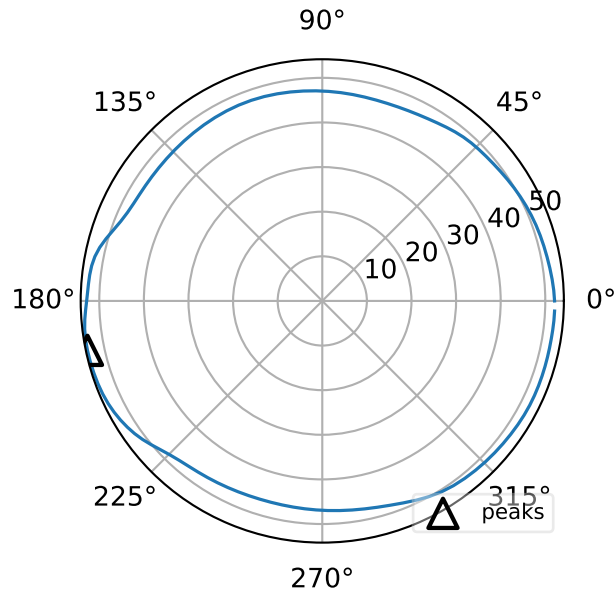

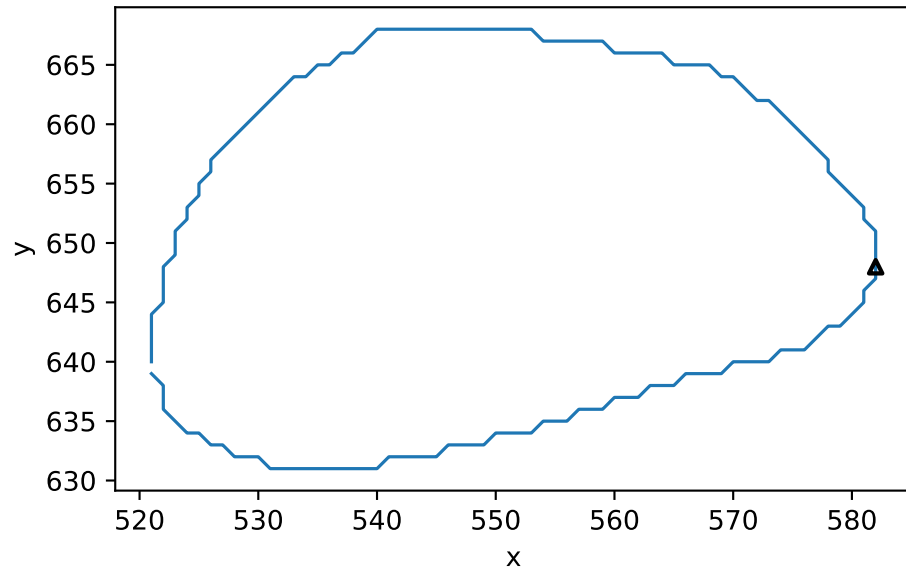

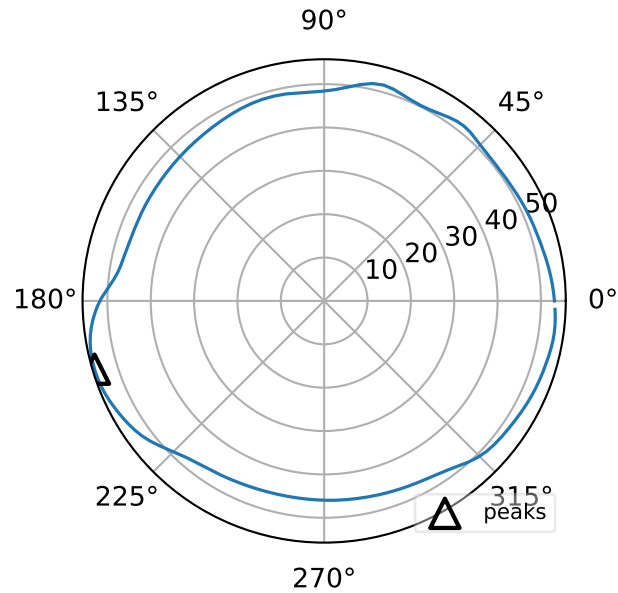

Topographical polar representation

Topographical θ–height

Frame 20 | t=35.000

Frame 21 | t=36.000

Frame 22 | t=37.000

Frame 23 | t=38.000
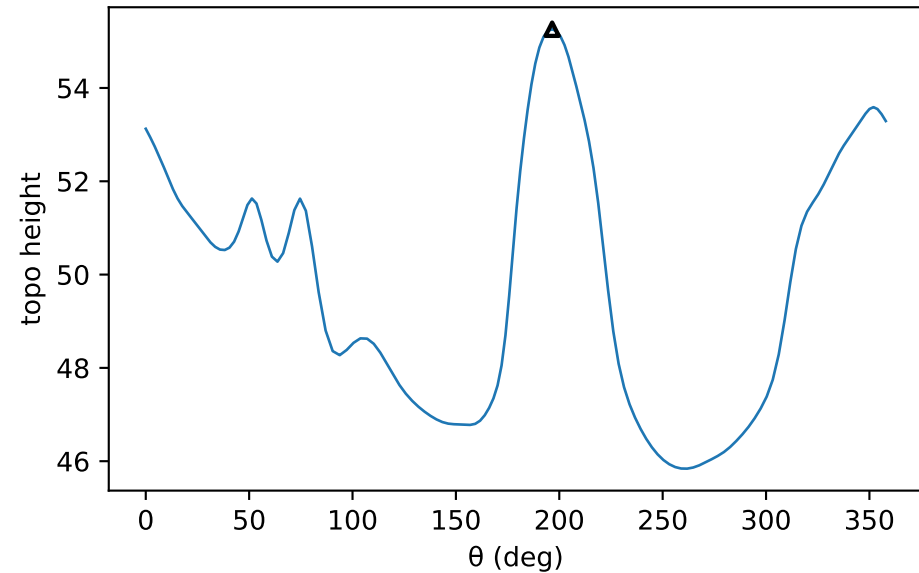

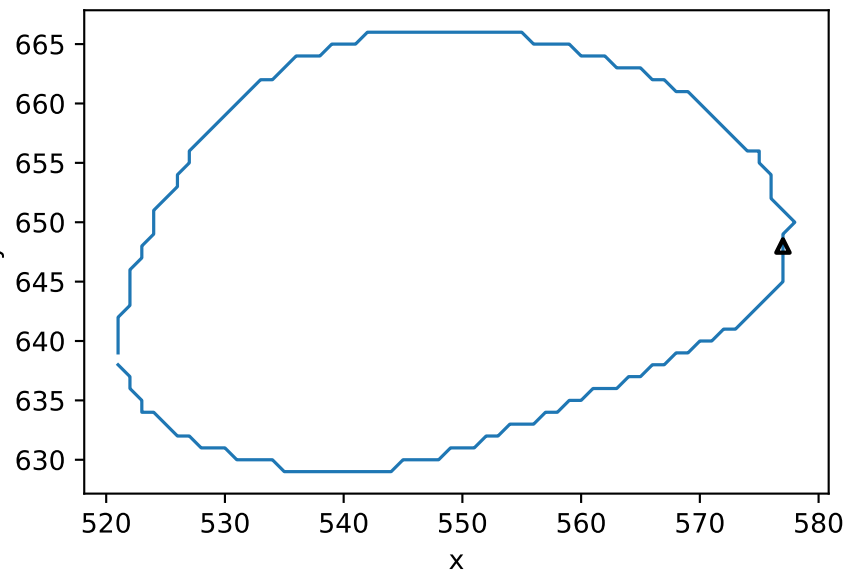

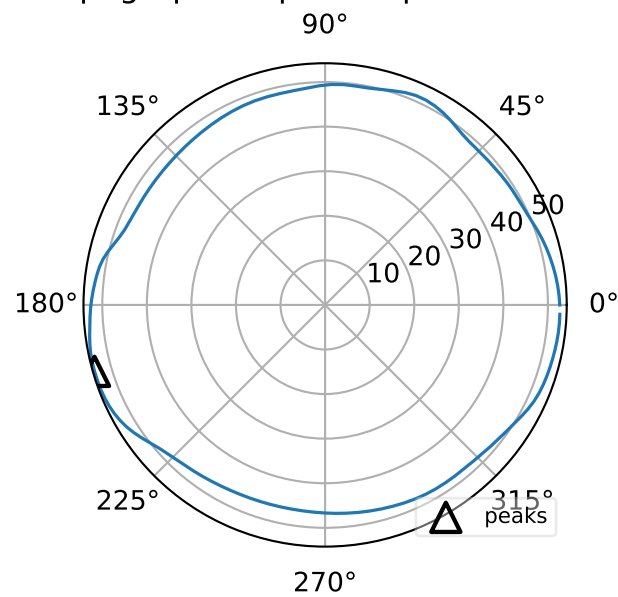

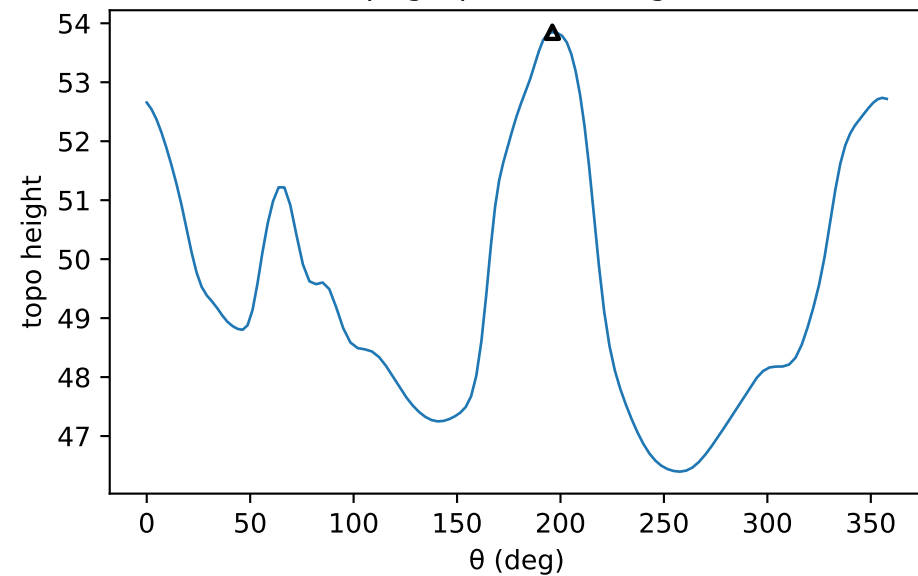

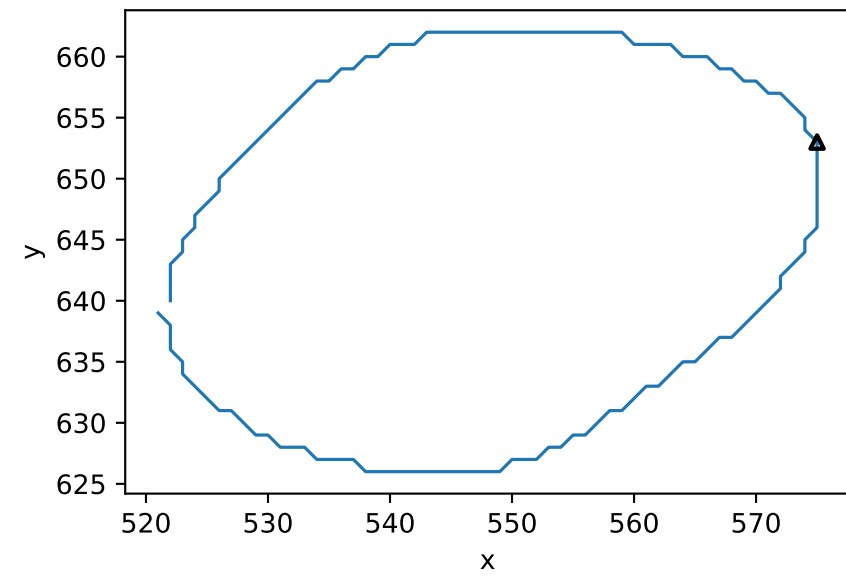

Frame 24 | t=39.000

Frame 25 | t=41.000

Frame 26 | t=42.000

Outline
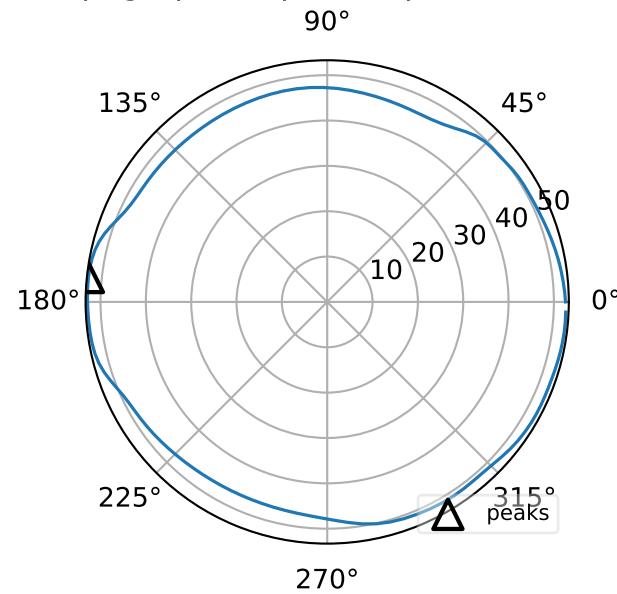

Topographical polar representation

Topographical θ–height

Frame 27 | t=43.000

Outline

Topographical polar representation

**Topographical θ-height**

Frame 28 | t=44.000

Outline

Topographical polar representation

Topographical θ–height

Frame 29 | t=45.000

Outline

Topographical polar representation

Topographical θ–height

Frame 30 | t=46.000

Frame 31 | t=48.000

Frame 32 | t=50.000

Outline

Topographical polar representation

Topographical θ–height

Frame 33 | t=51.000

Outline

Topographical polar representation

Topographical θ-height

Frame 34 | t=52.000

Outline

Topographical polar representation

Topographical θ–height

Frame 35 | t=53.000

Outline
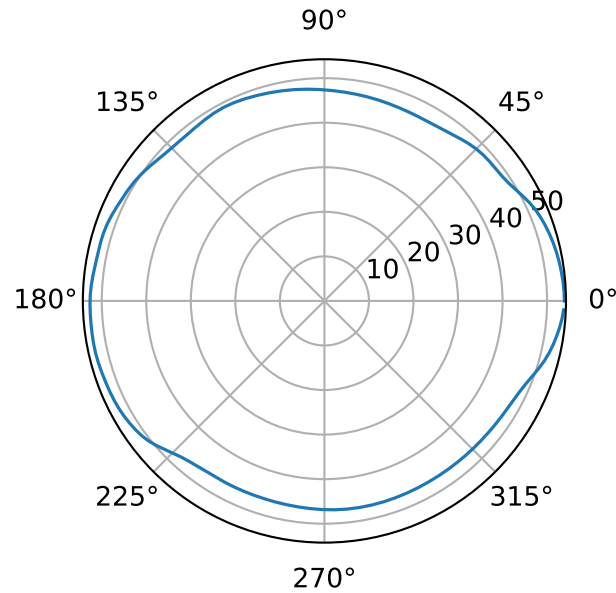

Topographical polar representation
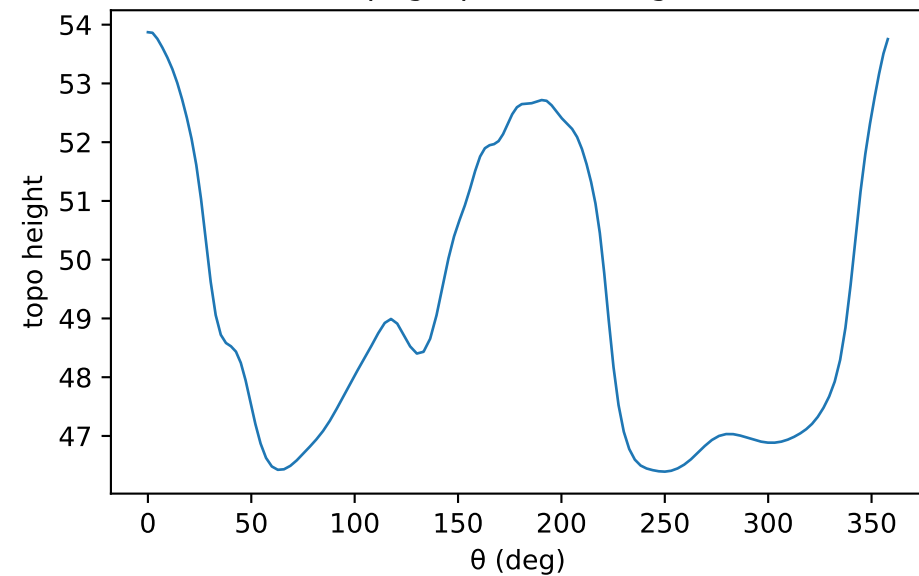

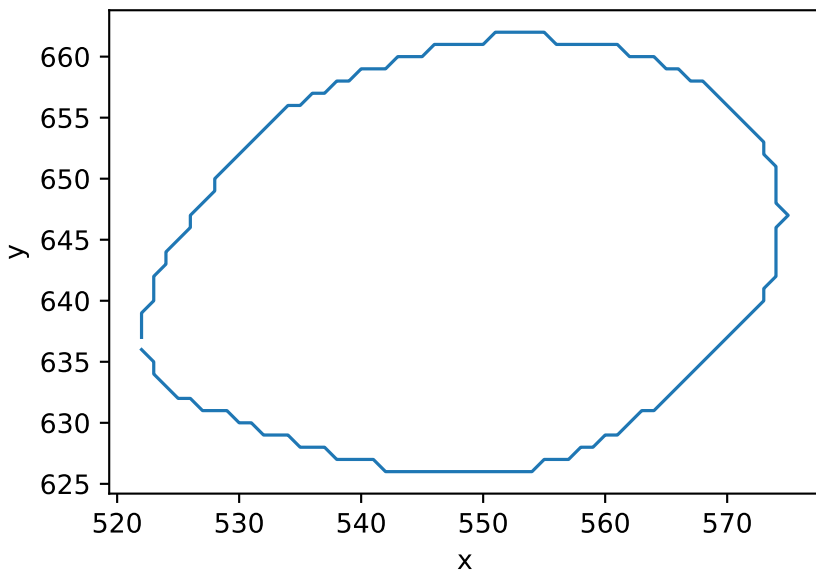

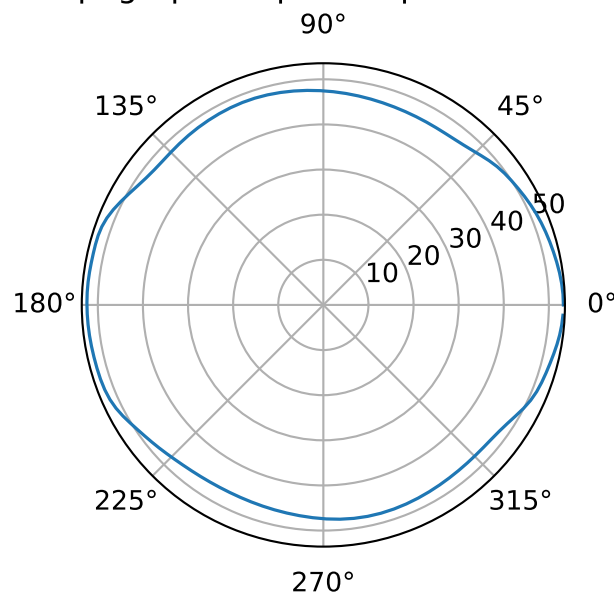

Topographical θ–height
